Company Profile

NOVAVET
NOVAVET PHARMA LLP

Holistic Approach
Towards Animal Care

Fast Growing Company
in Animal Healthcare

NUTRITIONAL DIVISION

- Nutrition Plays Important Role In :
Stress Management.
Immunity.
Production.
Reproduction.
Toxicity
Overall Performance
- We Are Providing Highly Bio Available And
Required Quantity Of Nutrients (Trace Mineral,
Macro Mineral, Vitamins.) In Our Products.

HOMEO DIVISION

Launching First Time In India Homeopathy
Medicines In Injectable Form For Chronic,
Recurrence, And Reproductive Diseases
For Animal Health Care.

A-MAXTM
SCP

ANIMAL FEED SUPPLEMENT

Take A Proactive Approach To Rumen Efficiency And Productivity.

DESCRIPTION :

A-maxTM scp (Soluble Concentrated Powder)

Yeast Culture Is a Highly Concentrated Preparation Of Proven Strain Of Saccharomyces Cerevisiae Yeast Grown On a Media Of Sucrose Cane Molasses And Dried Brewers Yeast.

A-maxTM scp Yeast Culture Provides A Boost In Rumen Fermentation, Production And Feed Efficiency, While Mitigating The Effects Of Heat Stress.

A-maxTM scp Helped to Improve Digestibility of Dry Matter ADF, NDF, And NON Structural Carbohydrates.

BENEFITS :

- A-maxTM scp Supports Optimal Rumen Fermentation And Digestion
- A-maxTM scp Maintains Consistent Milk Production And Milk Quality Even When Heat And Humidity Rise

Composition : Yeast Culture, Crude Protein, Crude Fat, Crude Fibre, & Minerals

Uncorking The Power of The Yeast Cell

DOSAGES :

Lactating Animal : 3g / Day
Heifer : 2g / Day
Calf : 1g / Day

Liquid Animal
Feed Supplement

MASTI END

LIQUID

MASTI
END
LIQUID

For Managing Mastitis & Immunity

INDICATION

(A) Immuno Suppression (B) Mastitis (C) Stress
(D) Toxicity (E) Calf Scours & Summer Diarrhea

BENEFIT

- Treatment of Subclinical Mastitis & Supportive Therapy of Clinical Mastitis.
- Maintain Consistent Milk Production Due to Mastitis, Heat & Humidity.
- Helps Animals Cope With Environmental Challenges.
- Support Optimal Rumen Fermentation And Digestion.

Composition in

■ Plant Protein ■ RFCS ■ Mos ■ Beta Glucans

RFCS : Helps To Cope With Challenges Arising Their Environment.

MOS : Toxin Binder

Beta Glucans : Sugar Units From Yeast Wall.

DOSAGES :

Large Animal : 15 ml For 10 Days

Small Animal : 5 ml to 10 ml 10 Days

Presentation

150 ml, 350 ml Pack

FLY END POWER - BAND

FLY END
POWER

APPLICATION:

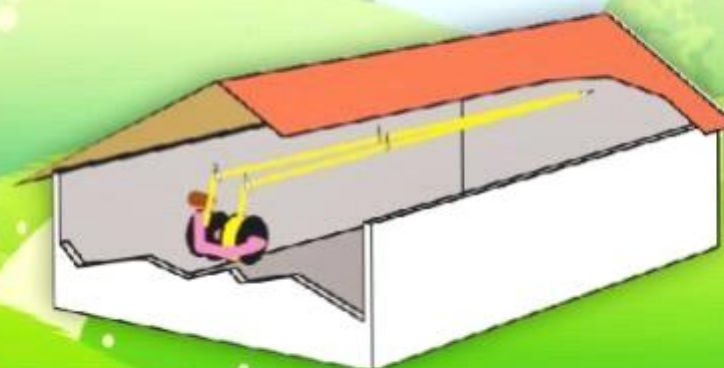

Fly-end Product Is A Physical Mean Of Fly Control. It Is Based Upon The Natural Habits Of Flies Which Follow The Warm Updrafts In Rooms And Bams, Seeking A Resting Place Near The Ceiling. Flies Are Attracted Towards The Sticky Tape And Get Trapped Permanently. When A Length Of Tape Is Full Of Flies, Remove It And Roll Out The Fresh Tape From The Roll.

DESCRIPTION

Attach the spool with holder at one end of the wall near to the roof. Roll out the Sticky tape and spread it below the ceiling of the roof, covering almost entire roof (As shown in the Figure). FLY-END Tape contains no harmful ingredients. Dispose off the spool and tape as any other house hold waste.

Flies Just Fall For It!

100% SAFE NON TOXIC
NON-POLLUTING
ECO-FRIENDLY
NO PESTICIDE/INSECTICIDE

NOVA GUARD

Unique Combination of Aloverra & Medicinal Herbs

NOVA
GUARD

DESCRIPTION :

derived from pure Aloe Vera barbadensis plant extracts. The dosing of **NOVA GUARD** boosts the immune system to guard against many types of harmful bacteria, viruses, yeasts and fungi.

Aloe Vera enrich with 12 Vitamins, 11 Minerals, 21 Amino acids

BENEFITS :

- To soothe and cleanse the digestive track and help to improve digestion.
- Maintaining udder health Maintains good health conditions during calving in cattle.
- An adaptogen balances the body's system.
- Helps the proper elimination of waste from the body and in detoxication of the body.
- Helps to balance highly acidic dietary habits.
- An immune enhancer because of its high level of anti-oxidants, which help combat from free-radicals.
- Provide anti microbial activity & helps to treat fungal and viral infections.

COMPOSITION:

Aloe Vera contains over 200 active components including vitamins, minerals, amino acids, enzymes, polysaccharide, and fatty acids

DOSAGES :

Large Animal : 1 Unit Twice a day (For 10 Days)

Small Animal : ½ Unit Twice A Day (For 10 Days)

Presentation

300gm, 600gm, Pack

Boosts the body's natural ability

**GLYCINE
CHELATED**

NMC POWDER

Novamin Chelated Powder

DESCRIPTION :

- NMC Powder Is Unique Combination Of Chelated Minerals, Multi Vitamins, Herbs Protein Source & Yeast For Higher Productivity.
- Glycine Chelation For Better Absorption.
- Biotin For Udder Development And Higher Milk Production.
- Chelated Cromium Help In Reducing Stress Level And Increase Glucose Uptake During Lactation.

BENEFITS :

- Improves Fertility & Udder Health.
- Improves Milk Production.
- Improves Immunity & Manage Stress.
- Maintains Health, Growth & Pregnancy.

DOSAGES :

Cow/Buffalo : 30-50gm / Day
Calves & Heifers : 10-30gm / Day
Sheep & Goat : 5-10gm / Day

MIXING RATIO :

30-50gm Per Cow/Buffalo Per Day To Be Mixed In Feed.
0.5% to 1% Mixed in Feed Or As
Recommended By Animal Nutritionist.
40-50gm Per Equine (Horse) Per Day To Be Mixed in Feed.

M - POWER

Green Tonic

DESCRIPTION :

M Power Is Unique Combination of Vitamins, Minerals, Betaine, And Medicinal Herbs.

Betaine (Trimethycine) is a Specific Type Of Zwitterion Involved In Methylation Reactions And Detoxification of Homocysteine. It Reduce Negative Effects Of Heat Stress.

BENEFITS :

Improve Milk Production Help Body Scores.
Rejuvenate Animal After illness.
Maintain Milk Production During Heat Stress.
Improve Immunity And Health.

COMPOSITION

EACH 100ML CONTAINS

CALCIUM	3500MG	BETAINE	20MG
PHOSPHORUS	1750MG	BIOTIN	1 MCG
MAGNESIUM	100MG	SELENIUM	250 MCG
VIT A	10000 IU	SHATAVARI	1000 MG
VIT D3	16000IU	JIVANTI	300 G
VIT B12	200 MCG	CARBOHYDRATE	10000 MG

Energy Value :

Kilo Calories :	400
Kilo Joule :	1680
Flavour :	Mango
Colour :	Green Pista

DOSAGES :

Cow/Buffalo : 100ML/1DAY
Calf :- 20-25 ML/DAY

Presentation

NOVA-H⁺

Liquid Feed
Supplement

Fulfill the Nutritional gap with extra Nutrients

INDICATION

- Treats inappetance, indigestion, dyspepsia and impaired digestive functions
- Incase of debility and convalescence
- As regular health tonic to boost health and productivity
- As supportive therapy along with antibiotics and antiprotozoals

BENEFITS

- Stimulates salivary secretions
- Optimizes ruminal contractions
- Enhances growth and viability of rumen microflora
- Increases secretion of gastric juices

Make the herds healthier, productive & Profitable naturally.

Composition : Each 5 ml Contains :

Vitamin - A	2,50,000 I.U.
Vitamin - D3	50,000 I.U.
Vitamin - E	300 I.U.
Biotin	10,000 mcg
Copper	500 mcg
Zinc	250 mcg
Selenium	150 mcg
Excipients	Q.S.

DOSAGES :

Large Animals : 5-10 ml Daily

Small Animals : 1-2 ml Daily

Presentation

100 ml, 250 ml, 500 ml, 1 Ltr Pack

NPVA-H+

Novabolite

Energy Booster

INDICATION

- **Nutritional Supplement of Gluconeogenic Precursors Fortified with Vitamins & Minerals For Animal Feeding**

BENEFITS

- Helps in Prevention of Ketosis.
- Increases availability of Energy & Glucose during calving & Last Month of Pregnancy.
- Helps to bring back animal to feed & milk production in the condition of sudden drop in milk production.

Nutritional Value:

Gluconeogenic Precursors Fortified with Vitamin A, Vitamin B2, Choline Chloride, Cobalt.

Feeding Advice :

1st day 200 ml Morning 200 ml
Evening Next 3 days - 100 ml Morning

DOSAGES :

1st Day : 200 ml Morning & Evening
Next 3 to 5 Days 100 ml
Morning & Evening

Presentation :

600 ml, 1 Ltr.

NOVABOLITE

**Chelated
Minerals
And Coated
Vitamins**

NMC FORTE - Bolus

**An Advance Solution
For Enhancing Fertility**

Constituents	Action	Benefits
Zinc	Development of Graffian Follicle and stimulates oogenesis	Graffian Follicle releases ovum
Vitamin A	Epithelialization of Graffian Follicle	
Manganese	Synthesis and release of Estrogen	Estrogen hormone is responsible for the onset of behavioral estrous
Vitamin D.	Controls the genes involved in making Estrogen	
Copper	Effective release of LH and FSH	FSH initiates maturation of Follicle
Vitamin	Helps in balancing the levels of LH	LH stimulates estrogen synthesis from growing follicles, induces ovulation and luteinization of Granulosa cells
Iodine	Thyroid uses Iodine to make Thyroid Hormone	Plays an important role in reproduction indirectly
Cobalt	Help in Synthesis of Vitamin B12.	Essential For Energy Metabolism & Production of RBC
Selenium	Powerful Antioxidant	Boost Immune System
Iron	Make Hemoglobin	Delivers O ₂ To The Body & CO ₂ Out of The Body
Bio Active Chromium	Metabolism of Fat Protein & Carbohydrate Into Energy	Enhance Glucose Uptake By Cells

Composition : Each Bolus Contains :

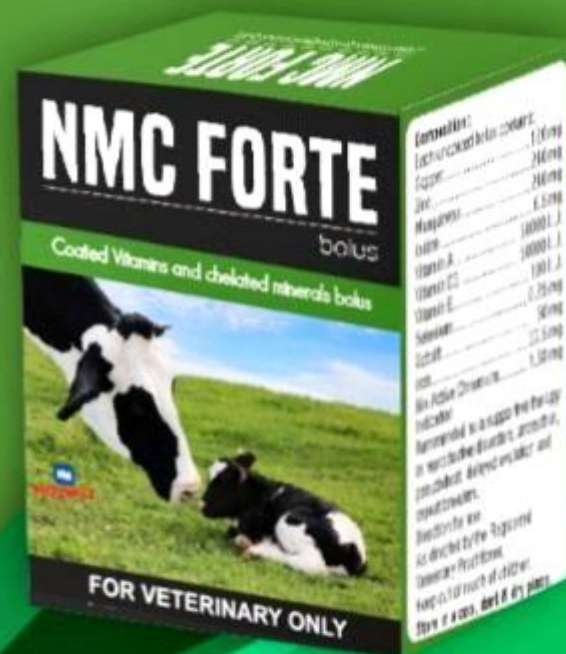

Copper	120mg
Zinc	240mg
Manganese	240 mg
Iodine	6.5mg
Vitamin - A	50000 I.U.
Vitamin - D3	50000 I.U.
Vitamin - E	100 I.U.
Selenium	0.25 mg
Cobalt	50 mg
Iron	37.5 mg
Bio Active Chromium	1.68 mg

Indication :

Recommended as a Supportive Therapy
In Reproductive Disorders, Anoestrus,
Pseudo Heat, Delayed Ovulation And
Repeat Breeders.

Direction Use :

As Directed By The Registered Veterinary
Practitioner.
Keep Out Of Reach Of Children.
Store in a Cool, Dark Dry Place.

NMC FORT
BOLUS

DOSAGES :

1 Bolus / Animal / Day]

For 28 Days Or till Desired Effect

Presentation :

Each Box Contain 7 Strips X 4s

Animal Feed Supplement

NOVACAL *Gel*

ORAL SUSPENSION

A Quality Product Is In Your Hands For Better Results, Most Economical With Higher Productivity

INDICATION

- Improves the milk production
- Improves the growth rate in young ones
- Prevents milk-fever, rickets, pica, osteomalacia, osteoporosis
- Prevents calcium deficiency during lactation
- Helps to form strong bones & thick shelled eggs
- Stimulates Glandular Functions And Help Letting Down Naturally

BENEFITS

- Homogenous uniform absorption.
- Non sedimentary composition Better consistency.
- Low binding with oxalate present in fodder.

FEATURES :

- Calcium, Phosphorus & Vit. B12 Enhances Milk Production
- Vit. D3 Ensures Better Calcium & Phosphorus Absorption
- Carbohydrate Provide Energy For Higher Milk Yield

Composition :

Each 100 ml Contains :

Calcium	1650 mg
Phosphorous	850 mg
Vitamin - A	4000 I.U.
Vitamin - D3	8000 I.U.
Vitamin B12	100 mcg.
Vitamin - E	50 mcg.
Jivanti	40 mg.
Shatavari	60 mg.
Excipients	Q.S.

DOSAGES :

Cow, Buffalo, Horse & Camel	: 100 to 200 ml daily
Sheep, Goat & Calf	: 40 to 80 ml daily
Calves	: 20 ml twice daily
Poultry	: 20-100 ml / 100 birds

Presentation

2 Ltr, 5 Ltr, 10 Ltr, 20 Ltr, Pack

NOVACAL
GEL

The Complete Solution For **MASTITIS**

MASTI **END** Injection

German Homeopathic Formulation

Mastitis, Teat Fibrosis & Tumor

INDICATION

■ Sub clinical ■ Clinical & Advance ■ Clinical stages

BENEFITS

- It is a non-toxic, Homeopathic formulation for treatment of all stages of mastitis.
- Check the fibrosis of udder, check the blood & debris in milk. Reduces inflammation, pain or infection from udders & joints.
- Enhances recovery & restores milk yield in very short duration.
- Strengthens defense system & mechanism of udder & teat.
- Zero milk withdrawal period

COMPOSITION

A

Each 15 ml. contains :
CHN 200, BLD 1 M,
ONOS 200, CONI 30, ARC200

B

Each 15 ml. contains :
BRY 30, PHL 1 M,
LA 30, PYRO 200,

Administration :

A Injection A Should Be Inject Always
On The Right Part of
Deep I/M Route.

B Injection B Should Be Inject Always
On The Cattle's body By Deep
I/M Route

MASTI END
INJECTION

For Acute Painful & Inflammatory Conditions

Homeopathic
Veterinary
Formulation

SOFT ADD

Injection

For Crack On The Teats & Body Skin

BENEFITS

- For Treatment Of All Cracks & Ring on Teat
- Redness Of Skin, Burn Skin Problem.

■ Composition :

Each 10ml Contain :

BRX 1M
CILY 1M
CACA 200
FLDM 30

DOSAGES :

Cow & Buffalo : 10 ml Per Day (For 7 Days)
Sheep & Goat : 3 to 5 ml Per Day (For 7 Days)

Presentation :

10ML Single Pack Vial

Strong Action on Chronic Diarrhoea

SOFT ADD
INJECTION

Acts swiftly
with
Proven solution

NOVI DOX

Injection

Diarrhoea may Drain Cital Energy And Nutrients From The Body

BENEFITS

- Active Ingredients provide anti diarrhoeal action
- Excellent clinical results in varied type of diarrhoea
- Time tested and Proven combination Normalises intestinal peristaltic movements
- Absorbs and inactivates enterotoxins
- Prevents loss of water and nutrients

INDICATIONS

- Diarrhoea of varied etiology
- Calf scours
- Chronic Diarrhoea
- PPRD I
- stemper

DOSAGES :

Large Animal :
10 ml per day for 2 days

Small Animal :
2 to 3 ml per day for 2 days

by deep IM rout only

Strong Action on Chronic Diarrhoea

NOVI DOX
INJECTION

**Effective
Treatment for
Teat Fibrosis
& Tumors**

TEAT FLOW Injection

(HOMEOPATHIC FORMULATION)

The Extent of efficacy of Homeopathic treatment in chronic fibrosed mastitic Bovines

BENEFITS

- Helps to develop udder health & maintain the integrity of udder tissues.
- Provides faster recovery in advance clinical mastitis, chronic fibrosis and tumor
- Effective in bloody milk, clots and oedema of udder, throbbing redness, streaks radiate from teat, swollen, hard and red udder
- Highly effective in painful, hard and stone like teats, tumors, pre and post parturient fibrosis in teats
- Reduces the number of somatic cell count in milk & improves the milk quality

DOSAGES :

Cattle & Buffalo :
10 ml. per day
For 5 To 7 Days Deep Im Rout Only
Sheep & Goat:
3 to 5 ml. per day for 5 to 7 days
by deep IM rout only

Presentation :

5 X 10 ml Vial
